## Seneca Shake & Seneca Plus

# Seneca Shake & Seneca Plus

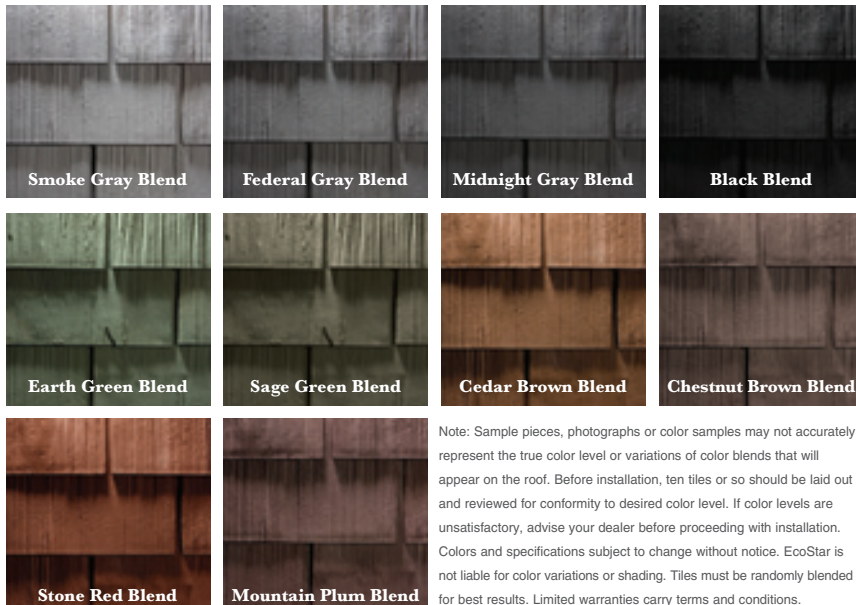

With its aesthetic appeal, wood shakes hold a position of prominence in the roofing market. Yet maintenance, short life cycle and rot are also associated with wood shake roofing. As the manufacturing leader of premium steep-slope roofing, EcoStar™ offers revolutionary products that provide the same look of wood shake without the extensive maintenance and hassle – Seneca Shake™ and Seneca Plus™. EcoStar's innovative rubber and plastics technology has resulted in the perfect formula for durability, safety and rot resistance.

EcoStar's Seneca Shake and Seneca Plus roofing tiles combine the classic architectural detail of wood with modern performance. Seneca tiles are available in two thicknesses and three widths, that separately or combined, create the natural appearance of traditional cedar shake. Seneca and Seneca Plus are also available in ten colors, providing opportunity to create a unique roof to compliment your home's exterior.

Enhance your investment with the true value of Seneca and Seneca Plus tiles.

## Seneca Shake and Seneca Plus Color Blends

Note: Sample pieces, photographs or color samples may not accurately represent the true color level or variations of color blends that will appear on the roof. Before installation, ten tiles or so should be laid out and reviewed for conformity to desired color level. If color levels are unsatisfactory, advise your dealer before proceeding with installation. Colors and specifications subject to change without notice. EcoStar is not liable for color variations or shading. Tiles must be randomly blended for best results. Limited warranties carry terms and conditions.

## Architectural Flexibility

- Seneca & Seneca Plus (thicker tile) can be blended together for a unique architectural depth
- Available in ten different color choices
- Packaged in a blend of 6", 9" and 12" widths
- The  $\frac{3}{8}$ " thick Seneca and  $\frac{3}{4}$ " thick Seneca Plus, create the natural appearance of traditional cedar shake

## Strength & Durability

- Recycled content provides improved flexibility, making Seneca tiles much stronger than traditional cedar shake
- Enhanced flexibility provides superior protection from the harshest weather conditions, including wind, hail and driving rain
- Significant life cycle savings

## Warranty Coverage

- 50-Year Gold Star Labor & Material Warranty available

## Environmental Sustainability

- Manufactured with post-industrial recycled rubber and plastics
